Visit Green Elephant Sanctuary Park

Description About this tour

Elephant Sanctuary experiences elephants in a whole new way. For centuries, elephants have been seen as holy in Thailand. Today elephant figures are still put in front of many buildings and sold as motifs on clothing or souvenir.

However, the number of elephants in Thailand is diminishing. For this reason, it is absolutely crucial to protect not only the wise giants but also their natural habitat. An Elephant sanctuary is a right address! Visit us and be impressed by the huge animals. Experience the very special atmosphere in our camp yourself!

In the Elephant sanctuary, you can experience elephants in the most natural way. In their natural environment, where they are free and simply wonderful! It is important to us that you can experience the daily life of the animals. And that you can approach them when feeding or bathing.

Elephant Sanctuary: Help and protection for homeless elephants. We are committed to the protection of elephants by offering them a safe and protected life in the elephant sanctuary. By the way, the supply of a single elephant costs several hundred dollars a month and an elephant consumes up to 200 kilograms of food a day. With our work, we do not only ensure the livelihood of the animals but also their well-being and comfort. Enjoying elephants means collecting memories!

Would you like to see elephants in real life? Do you want to pet elephants? Do you want to watch these huge animals swim or feed? In our elephant sanctuary, you are just right! We offer you the opportunity to experience the animals. You are, of course, accompanied by experienced elephant trainers so that you can feel completely safe.

Very important to us: our animals are looked after by us optimally and they can feel comfortable with us. We are against animal abuse and make sure that the animals are always well.

Visit 3 Khai Islands by Speedboat - Half- Day Tour

Description

About this tour

Located just a 15-20 minute speedboat ride away from Phuket, the **Koh Khai group of islands are every traveller's dream come true**. Think alabaster shorelines, crystal-clear waters, and a myriad of colourful fishes and marine life! We'll take you to visit all three of these islands starting with...

Khai Nui: After picking you up from your accommodations and a quick briefing at the pier, we'll board a speedboat and make our way to Khai Nui. This is the least popular island among the three but a haven for snorkelers. Dive into the refreshing waters and swim with the colourful fishes.

Khai Nai: This slice of paradise features powdery-white sand, a shoreline perfect for sunbathing, vendors selling food and drink, and shimmering waters that are good for swimming and snorkelling. Relax, swim, snorkel, or walk around the island before heading to the last destination of the day.

Khai Nok: Very similar in look and feel to Khai Nai, Khai Nok is the most popular of the three islands. You can wander around the island, grab yourself a refreshing drink, swim in the cool waters, or snorkel to try and see some sea creatures.
